Children store personal items and greet their guides (teachers) and classmates.

8:30-11:30 Morning Work Cycle

The children begin their school day with a three-hour morning work cycle. They choose hands-on materials to work with to explore and practice concepts and skills in the following curriculum areas: Math, English and Spanish Language Arts, Geography, History, Science, and Sensorial Skills, and Practical Life Skills. The guides (teachers) observe the children's progress and invite them to individualized lessons. Children prepare and serve their own snack during this time. The cycle concludes with a Morning Meeting in English or in Spanish that includes: personalized greetings, personal news, weather, songs, and a group lesson presentation. Half-Day children are dismissed.

Children have play time outside at the park, or inside in the multipurpose room.

12:30-1:00 Lunch

Children set out their lunches that they have brought from home and eat with friends at small tables in the classroom; they work together to clean up and prepare for reading and rest time.

1:00-3:00 Rest Time
